Please give your valuable feedback on curriculum to improve quality of the programme

Please mark a tick ‘√’ in the appropriate cell for every statement.

S.No.	STATEMENT	Excellent 5	Very Good 4	Good 3	Average 2	Poor 1
1	The content of the curriculum helps in developing the core competencies and employable skills by elevating the levels of cognitive skills.					
2	The curriculum is focused on bridging the gap between industry & academia through experimental learning.					
3	The curriculum is designed for the holistic development of your personality by imparting knowledge on life skills, cross – cutting issues like gender, environmental, human values etc.					
4	The curriculum is based on hands on experience by providing a platform through practical learning.					
5	The curriculum promotes research orientation and creative thinking of the wards for further studies.					
6	The programmes are designed with problem solving methodology and student centric learning.					
7	The course is designed with value added chapters related to current developments in the fields of science and technology.
