6.4 SELF-STUDY REPORT FOR THE PROGRAMME B.SC. (HONS.) AGRICULTURE

Raffles University situated in NCR at Neemrana, Alwar on Delhi-Jaipur National Highway No. 48, is just 90 Kms away from Delhi International Airport and is also connected by a six lane express way and by railway line at Rewari Junction. The distance from Jaipur is 140 Kms.

The state of the art infrastructure with all modern facilities, built on a sprawling 19.93 ha of land, is set in an unpolluted serene environment in the lap of Aravali hills. The University is based on GURUKULA concept whereby the students move away from the rough and tumble of stressful existence to the quieter environ of the University in Neemrana. This ambience enables a strong bond between teacher and pupil ensuring thereby greater attention to instruction as well as education free of distraction and impediments. And yet, it is not as if the Gurukul is insular in nature. Students are encouraged to explore and expand the frontiers of their knowledge through broad Internet and interactions.

6.4.1 Brief History of B.Sc. (Hons.) Agriculture

About the School of Agricultural Sciences (SOAS)

At present the B.Sc. (Hons.) Agriculture is running in the School of Agricultural Sciences since 2018 and two batches have been passed out.

To make the SOAS as a center of excellence for higher education and research, the School has been equipped with excellent physical and academic infrastructure, latest curriculum as per ICAR Fifth Deans' Committee recommendation and improved teaching methodology.

The University has best quality faculty with industry interaction and hands on practical exposure enables it the quality learning process at the School of Agricultural sciences dynamic.

The School of Agricultural Sciences is well equipped with smart classes, modern laboratories, library, crop cafeteria etc. The campus is lush green and spread over 19.93 ha. of the land 4.93 ha. is under building infrastructures, sports complex, hostels, parking etc. and 15 ha. is for School of Agricultural Sciences.

The four-year degree program aims to provide related knowledge, practical skills, and competencies in production technologies, protection strategies, crop improvement and value addition of agricultural and horticultural crops. The curriculum includes 10 day-long study tour to various esteemed institutes to update different farming techniques beside a mandatory Internship of Rural Agricultural Work Experience & Agro Industry to give an exposure of actual agricultural challenges to the students.

The programme offers courses with choice based credit system and has been designed to provide an excellent blend of contemporary theory and practical that align with the curricula of Fifth Deans' Committee Report of ICAR in which new initiatives have been strongly advocated.

Vision of the school

School of Agricultural Sciences at Raffles University aims to be an internationally leading agricultural school that redefines through interdisciplinary education, discovery, services, innovation and producing socially responsible self-motivated future leaders in their fields of endeavor with a broader understanding of the underlying global issues. The vision of School for under graduate degree is to provide high quality education and new techniques in crop production, enabling students to conduct professional activities in the field of Crop Production with advanced technological knowledge, understand and serve agriculture in an economically and environmentally sustainable manner, both in the public and private sector. Further, to foster hands-on, immersive, evidence-based research and fieldwork training opportunities to the students to prepare them for creating innovative solutions in the field of agriculture.

Objectives

1. To impart knowledge and skills of agriculture and allied sciences to prepare the students for a successful career in agriculture or agribusiness.
2. To enhance ability of students to articulate theory into practice to propose and defend realistic and novel solutions to emerging issues within the agricultural sector.
3. To develop vocational competencies and graduate attributes relevant to the agricultural sector which enhance students' employability prospects through

exposure to best practice and diverse work placement opportunities.

4. To facilitate an ability to function effectively as an individual and as a member or leader in diverse teams or interdisciplinary environment.
5. To create individuals with an aptitude for continued self-directed learning in life to maintain their competence in changing world.
6. To introduce “Earning while learning system” for under graduate students through which they can earn money during their study.
7. To develop need based skills for UG students to enhance their attitude to become an entrepreneur for self-employment generation.

Programme Structure

The common academic regulations and syllabus as approved by the Fifth Deans’ Committee report of ICAR is followed in B.Sc.(Hons.) Agriculture programme. The course structure and syllabus are thoroughly discussed and got approved by Board of Studies (BOS) and Academic Council of the University.

Under Graduate Programme for B. Sc. (Hons.) Agriculture

The programme had a total of 184 credits. The credit bifurcation is given below:

6.4.4 CLASSROOMS AND LABORATORIES

The school has well equipped ITC enabled classroom and well equipped laboratories with wide range of instruments and provide hassle free experience in teaching learning and research. The School has well equipped and digital class rooms with a maximum sitting capacity of 60 students each. The classrooms house latest ICT technologies (multimedia and LCD projectors along with white boards) for enabling interactive and participatory learning of the students for UG programme

Average number of students in theory and practical batches for the B.Sc. (Hons.) Agriculture Programme is given below

6.4.5 CONDUCT OF PRACTICAL AND HANDS-ON-TRAINING

The students of UG are provided with practical knowledge of agricultural practices both in laboratories and field. The students are exposed to hands on training in gaining practical experience in field operations, in documenting the biometrical traits of the crops, handling of various equipment's in the laboratory and estimation of various parameters based on the course requirement. The students are sufficiently benefited with hands-on training during their practical classes and acquire skills on technology and process of crop production and protection technologies. The students perform all the lab and field activities on their own under the supervision of the course teacher and lab assistant. The course in-charge ensures that all the students participate in the practical. The practical modules are also developed beside prescribed as per local needs the students develop value added practical modules and delivered by the expert faculties.

Students successfully completed the RAWE & AIA programme in 4 KVKs and 2 ARS in different geographical locations of India namely Rajasthan during the period as per curriculum framed by ICAR. As a part of AIA the students offered a professional internship program in various agro industries in selected locations and business units throughout India. This hands-on-training program give students the opportunity to work with a mentor, area managers and product managers during internship. The students have studied the organizational structure (staffing), functioning (production, processing, marketing), managerial aspects, etc. which helped them to gather practical knowledge on key performances of an agro-industry and agri-business

6.4.6 SUPERVISION OF STUDENTS PROGRAMME

For B. Sc. (Hons.) Agriculture

Mentor-Mentee Programme for students: The School of Agricultural Sciences (SOAS), envisions equipping the students with skills and competencies to facilitate educational, personal, social, and career development. A committee works on different purposes related to the betterment of students in terms of curricular, extra-curricular, and personal growth. The mentors meet the students associated with them thrice per semester, keep a confidential, comprehensive record of their mentees' activities, academic and co-curricular achievements, and develop a shared action plan to guide the students to enhance their professional & personal, emotional support, guidance, encouragement, and a better environment in School.

Training and Placement Programme: The Placement training and program are carried out through the IIPC of Raffles University for final-year students from the University. The IIPC office is assisted by a committee comprising representatives of students. The Institute offers placement services like counselling, placement training support, personality grooming, corporate lectures, and seminars from time to time. Students are also provided with aptitude training, resume writing practice, mock tests, and mock interviews. The office liaises with various industrial establishments, corporate houses, conglomerates, Monsanto, Syngenta etc. The university have MoU with the Tokita Seed India Pvt. Ltd., Bangalore and M/S RCICO Farmer producer company Ltd, to demonstrate the quality seeds at University farm, distribution and sale of quality seeds to local farmers for getting higher productivity and income, and various extension activities for awareness of farming community.

Board of Studies: The Board of Studies (BoS) of the SOAS, a committee is constituted by the Registrar of Raffles University. The BoS of SOAS develops and approves the curriculum for academic programs. The Board of Study reviews the faculty credentials and qualifications to approved the curriculum twice in a year for the programme and ensure that candidates are properly qualified to teach academic courses. The curriculum is framed according to the guide line of ICAR but value added credit based course are introduced according to and approved by BoS.

Disciplinary committee: The University Disciplinary committee maintain by the proctor committee along with on duty assigned two security officers on roll any in disciplinary action noticed are reported authorities for further action.

Sexual Harassment Cell: Raffles University constituted ICC (Internal Compliance Cell) for sexual harassment in the work place it also monitors the acting in the hostel it resolve the grievances received from the employ as well as girls students.

6.4.7 FEEDBACK OF STAKEHOLDERS (STUDENTS, TEACHER, PARENTS AND ALUMNI)

Raffles University conducts survey and interactive sessions for the stakeholders of the institute to seek feedback on the programme structure of B. Sc. (Hons.) Agriculture. As a part of this, the feedback on various curriculum aspects and courses is collected from the students, faculty, parents, Industry experts, subject experts from ICAR and farmers. An effective Mentor – mentee system is functioning at the school level to get feedback from the students regarding curricula and extracurricular activities.

The feedback targets following different content for different stakeholders.

- **Students**, it addressed curriculum and its learning related issues in terms of quality, competence, skills and professionalism. This feedback also considers other issues like delivery of curriculum by teachers.
- **Teachers**, the feedback addressed issues like suitability the course and its need base outcomes of the curriculum, relationship with course content and corresponding reference material, availability of reference materials in terms with curriculum, evaluation methods and curriculum delivery etc.
- **Employers**, it addressed issues like general communication skills, developing solutions to real life problems, working in a team, creative challenges to challenges, organization skills, learning of new techniques, integration of technology for work as learnt through the curriculum.
- **Alumni**, it aimed for responses on adequateness of courses curriculum, sufficiency of syllabus content in context of current professional standards and curriculum design in context of development of self-directed learning and problem solving approach.
- Feedback obtained from the parents is considered as vital for the development of any educational institution and hence, the feedback is collected to improve the academic discipline in terms of timely conduct of lectures, practical and other activities.

School of Agricultural Sciences in Raffles University started academic year 2018-19, Feedback Committee has Taken Action on the Feedback received and reported few issues or queries related to curriculum and other facilities. The summary is as under:

2018-19 – Most of the students answered YES to all questions but still some students demanded of updating in the syllabus. New books to be added to the library subject wise.

Remedial Action: As per feedback received from the students, members of the committee revised syllabus and prepared the curricula for various programmes of SOAS at Raffles University and recommend the same to the Academic Council for approval.

2019-20 – Mostly students answered YES to all questions and few of them mark No because students demanded some instrumentation facility at laboratories and Research Farm/ Field set up for smooth carry out his/her experimental work/project. On asking for any other suggestion most of the students complained about the network issues they are facing during online classes and availability of study material for them. Some students also asked about their internships and training.

Remedial Action: Feedback received from students at the end of the session and committee takes needful action and provide basic or sophisticated instruments and research Farm established in the university which is used for the research or practical work. Changes in the syllabus were made according to the ICAR V Deans' Committee. Faculties and students were advised to procure good quality of internet broadband for smooth running of classes, evaluation and examinations, better wi-fi facility improved the connectivity. Internship and training carried out at ICAR, COA, KVKs of various SAUs.

2020-21 – Almost all students answered YES to all questions. Except few student who were not agreed and reported extra load in week for them and few parents demanded value based courses and interdisciplinary project based learnings too for advanced learning and accordingly courses to be designed. Feedback collected at the end of the academic year 2019-20 during Covid-19 lockdown period. Majority of students (up to 80%) answered in YES and 20% answered NO to the questions asked to them through google form. So, it is evident that students were satisfied with the curriculum and syllabus. Some students reported overburdened load.

Remedial Action: Students were given relaxation in work load BSA slots were provided. Students were counselled for the relevance of the course content and its importance, IDP and VAD were introduced for advance learning. Students were satisfied with the curriculum and syllabus and also had opinion that curriculum is competent to fulfill the demand of the current industrial requirements.

2021-22- Feedback collected at the end of the academic year. For queries on study material all students were provided with the study material such as soft copy of books, question banks and presentations by the concerned subject faculties. Faculties took extra classes and rescheduled some classes in which students faced network issues. Students were informed that their internships will be arranged once the situation of COVID-19 is improved so, students were sent for internships and trainings later.

Remedial Action: Students were satisfied with the facilities provided by the university during pandemic period and fulfilled the demand of the internship/training and industrial requirements.

6.4.8 STUDENT INTAKE AND ATTRITION IN THE PROGRAMME FOR THE LAST FIVE YEARS:

school was started in 2018-19 with a student intake of 120 for B. Sc. (Hons) Agriculture programme followed by an intake of 09, 38, 31, 20 and 50 in the academic year 2019-19, 2019-20, 2020-21, 2021-22 and 2022-23, respectively. In general, student attrition is very low and the retention of students is very high in B.Sc. (Hons.) Agriculture. The details on the intake capacity, number of students admitted and the student attrition during the four-five years is given in the table below:

6.4.9 ICT APPLICATION IN CURRICULA DELIVERY

For B. Sc. (Hons.) Agriculture

Information and Communication Technology (ICT) is the integral part of teaching and learning programme when teachers are digitally literate and understand how to integrate in to curriculum.

The School uses a diverse set of ICT tools to communicate, create, disseminate, store and manage information. The School of agricultural sciences is imparting knowledge through Audio Visual Aids likes Collar mike and power point presentation. The students of our school are also well conversant with ICT and they are using the system in student seminars, assignments presentation as well their training and entrepreneurship programmes. The available facilities are as under:

Internet Server: The School of Agricultural Sciences has well-equipped classrooms with the latest ICT technologies (multimedia and LCD projectors along with whiteboards) to make learning more interactive and effective. The university campus enabled with Wi Fi facility of 200 mbps speed and students used this internet facility 24*7.

English language lab: The reading room has Twenty-five desktops with full of internet connection that allows access to online resources available and we use a software named SPEARS.

Technology-Enabled Classrooms: The faculty members use IT-enabled learning tools such as PPT, Video clippings, Audio systems, and online sources to expose the students with advanced knowledge and practical learning. The classrooms are well furnished with a Computer, LCD projector, audio system, and internet and Wi-Fi connection.

Wi-fi enabled hostels: All the hostels are well equipped with a high-speed internet connection, wi-fi, air conditioning facilities for all rooms, and CCTV for monitoring the hostel.

CCTV monitoring system for the library: The library also has an internet connection and ten CCTV for monitoring resources such as books, journals, and magazines.

Broadband Internet Connectivity with a minimum speed of 200 Mbps: Broadband connections across the university's labs, offices, faculty lounge, and classrooms make it possible to access materials and carry out tasks smoothly and efficiently.

6.5 SELF STUDY REPORT (SSR) FOR THE SCHOOL OF AGRICULTURAL SCIENCES

SCHOOL OF AGRICULTURAL SCIENCES

The Admissions Committee in its meeting held on 22.09.2018, approved the Establishment of the School of Agricultural Sciences (SOAS) as constituent school/college of Raffles University, Neemrana, Alwar from the academic session 2018-19. The university is recognized under Section 2(f) of the UGC Act 1956. The University is driven by its vision and mission by propagating the message of Late Shri Vinod Kumar Gomber “A leader who had the vision and conviction that this dream can be achieved. He inspired the Strength and Energy in all of us”. The School is offering degree programmes, B.Sc. (Hons.) Agriculture from academic session 2018-19 as per recommendations of Vth Deans’ Committee and the programmes are eligible for ICAR accreditation.

VISION:

To evolve as an Institution of Excellence, where scholars develop informed and inquiring minds and broaden the frontiers of pure and applied knowledge. Where they, not merely undergo the humdrum learning of how things are done but move onwards, exploring problems and solutions that have tended to challenge human ingenuity. To create an ambience conducive to spirit of inquiry and the pursuit of excellence by working with the ablest, best and globally acknowledged centres of research and academia, coupled with system and process developed within the University

MISSION:

Scholasticism of a high order through education, not instruction, ensuring emergence of students from the University portals, as fully developed global citizens, prepared to function as agents for change in the era where technology and commerce are rapidly transforming human lives. Ingraining the capacity to usher in change, by discovering, nurturing and expanding individual skills, talents and interests, while standing forth as leaders and path breakers in their future careers

CORE VALUE:

Shaping the evolution of students as global citizens with the capacity to lead, inquire, invent, innovate and transform for the common welfare, encouraging the highest respect for diverse cultures, traditions and ethical standards as components of quality education. Promoting and facilitating symbiosis in thought, learning and growth skills imparted by the best centres for study and research globally. Instilling professionalism in recourse to analytical as well as empirical tools of knowledge coupled with rigorous honesty in thought and practice. Providing the intellectual bedrock by way of a capable faculty dedicated to the Core Values of the University.

Objectives:

The objectives are

- To create and develop skilled, talent and entrepreneurial human resources and knowledge pools of agriculture technologies.
- To prepare the graduates with learning centred education to achieve high quality of products, farmers' profitability and zero environmental footprint ensuring sustainable agriculture in changing climatic scenario.
- To develop leadership in agricultural sciences to ensure economic attractiveness, global competitiveness, social equity, environmental sustainability and food and nutritional security.
- To undertake such work, activity or project as the university may deem proper in order to achieve the objectives for which it was established.

In order to reach the goals and achieve the objectives, the school is involved in all the three major activities viz., Teaching, Research and Extension. All these three activities are being executed by the school.

6.5.1 SCHOOL ADMINISTRATION

- The School of Agricultural Sciences (SOAS) offering B.Sc. (Hons.) Agriculture UG program is headed by the Dean, in charge of the overall affairs of the school followed by HOD, Faculty, Lab assistant, supporting staff and assistant farm manager
- The administrative functions are looked after by Assistant Registrar, under whose jurisdiction, four cells, viz., education/Academic, establishment, accounts and technical are functioning. Development and maintenance of campus building and hostels are being taken care by the Assistant Engineer under the supervision of Estate Officer of the university.
- Co-curricular activities of students such as NSS are managed by NSS Programme Officer of the University. Sports and Games are managed by university Sports Officer/In-charge. Hostel activities are handled by Hostel Warden of both boys and girls hostels.
- The planning process is based on holistic approach and is inclusive of all the concerned, whenever and wherever, necessary. It is interwoven in tune with the procedures and guidelines based on university, state and ICAR.
- The planning and execution of all decisions taken by the Board of Management, university administration etc. are executed by various sections/departments under the overall supervision and guidance of the Dean of the School.
- Academic activities are planned through BOS (of each Department/Subject) followed by the Board of Studies of the school and Academic Council of the university. The process is initiated by HODs'/Dean who put up agenda items in Board of Studies meeting.

6.5.1.2 MONITORING MECHANISM FOR QUALITY EDUCATION

The recommendations of the ICAR Vth Dean's Committee report have been incorporated into the design and instruction of the B.Sc. (Hons.) Agriculture syllabus. The ordinance and syllabus of programme is available on the university website (www.rafflesuniversity.edu.in).

Teaching:

- To maintain quality education, the Enterprise Resource Planning (ERP) is used for online marking/uploading and monitoring.
 - i) Time table,
 - ii) Attendance records,
 - iii) Annual calendar
- Internal Quality Assurance Cell (IQAC) of the university monitors all academic activities through offline reports submitted by the School monthly.
- All the data are shared with IQAC through mapped drive in Dean's office for effective monitoring and record keeping of all academic activities.
- CCTV cameras are used for monitoring students and staff activity.
- Faculty has well established system of monitoring mechanism for quality education offline such as
 - (i) Regular teacher-student direct interactions for improving research and teaching skills,
 - (ii) Regular attendance.
- Open house meetings are conducted by the Dean of the School to find out the issues related to academics and campus life of students.

Extension:

- Extension activities in the SOAS are part of academics in the form of teaching classes. Students take part in extension activities regularly during RAWES in their allotted villages and occasionally in the nearby adopted villages.
- The SOAS organizes kisan goshi, agriculture related important day celebrations, live demonstration etc. to disseminate the knowledge and technology developed for various stakeholders.

- Through WhatsApp groups “Raffles Krishi Seva” information and solution to field problem are shared by the faculty for benefits of farmers from time to time.

Impact of monitoring on outcome:

The above mentioned online and offline systems are in place and found to be very effective in overall monitoring and improving academic performance of the students. Impact of this is visible in increasing number of students passing competitive examination for taking admission in higher degrees etc.

The details of meetings of BOS held in the last four years and the major recommendations are given in the table below:

Major recommendations given by BOS meeting in the last five years

Year	Date of Meeting	Major recommendations
2020	04.02.2020	- Confirmation of proceedings of BOS meeting held on 04.02.2020. - The proceedings of the BOS meeting held on 04.02.2020 were confirmed. - To consider and recommend syllabus of B.Sc. Agriculture (Honours) - It was decided to follow the syllabus for B.Sc. Agriculture (Honours) as per ICAR Vth Dean's Committee Report, and the same may be displayed on university website. In future, no agenda or

		discussion should be entertained on the subject unless and until directed by State Government and or ICAR. 3. To consider and recommend eligibility criteria for admission in B.Sc. Agriculture (Honours): (i) It was decided that the students in B.Sc. Agriculture (Honours) will be admitted on the basis of merit obtained in Joint Entrance Test (JET) Examination conducted and or approved by Government of Rajasthan. All government instructions from time to time and procedures regarding admissions in the degree course will be followed. 4. To consider and recommend minimum CGPA for award of B.Sc. Agriculture (Honours) and promotion of students from first year to second year: (i) A student will be required to maintain CGPA 4.00 out of 10.00 for promotion from first year to second year. If he fails to achieve CGPA 4.00 out of 10.00, his promotion to second year will not be allowed. (ii) The minimum CGPA for award degree of B.Sc. Agriculture (Honours) will be 5.00 out of 10.00. Degree will not be awarded to a student if he fails to obtain CGPA 5.00. However, on request, these students may be considered for improvement/ back examinations in CGPA to 5.00 by the university. (iii) Students will be given grade not the marks in final mark sheet which is as being practiced in the university. 5. To consider and recommend faculty requirement for School of agricultural sciences: (i) The teaching and non-teaching faculty for the
--	--	---

		following disciplines/ departments are required for smooth conduct of teaching, research and farm management activities. 6. To consider and recommend establishment of laboratories of different disciplines/ departments for teaching: (i) It was decided that the laboratories one each of disciplines of Agronomy & Soil science, Agro-meteorology. Plant breeding & Genetics, Horticulture & Vegetable Science, Plant protection, Biotechnology and Extension education & Social sciences be established at the earliest. Dr. Deepak Kumar, Asst. Professor (Agronomy) was assigned the task to prepare the list of equipments and materials required for each laboratory and their source of supply in consultation with faculty members of above-mentioned disciplines, and submit it at the earliest to Dean. 7. To consider and recommend requirement of new books of agriculture and allied disciplines: (i) Since the strength of students is increasing with the new admissions every year as well as with the adoption of syllabus as per ICAR Vth Dean's Committee Report; a number of new books and their multiple copies will be required. Dr. Amit Yadav, Asst. Prof. (Entomology) will collect the requirement from all faculty members, and submit it to the Dean at the earliest. 8. To consider and recommend introduction of new degrees and diploma/ certificate courses in School of Agricultural Sciences: (i) With the changing agricultural scenario in the
--	--	---

		country and globally, introduction of new degrees and diploma/ certificate courses was under consideration of University Management. Therefore, it was realized that SOAS may initiate the proposal to introduce degree courses of B.Sc. Horticulture and integrated MBA (Agri-Business). However, it requires State Government permission. Similarly two certificate/diploma courses, <i>i.e.</i> Organic farming. Mushroom farming, fruits and vegetables preservation and agrochemicals and fertilizers and vermin-composting may be started. The necessary approvals may be obtained from concerned agencies. 9. To consider and recommend medium of instruction for B.Sc. Agriculture (Honours) students: (i) Among any other items, the issue of medium of instructions to the students was raised. It was discussed in length, and it was unanimously resolved that medium of instruction will be both in Hindi and English. A communication in this regard may be sent to the State Government so that in JET examination announcement it can be mentioned that medium of instruction in SOAS, Raffles University for B.Sc. Agriculture (Honours) is both Hindi and English. 10. To consider and recommend educational tour of students: (i) After adoption of syllabus as per ICAR Vth Dean's Committee Recommendations Report, educational tour is made mandatory for completing the degree; therefore, it is proposed that there will be educational tour/ visits for second and third year

6.5.2.3 CREDENTIALS OF THE FACULTY

The point wise credentials of the faculty are given in **Annexure VII**.

6.5.3 LEARNING RESOURCES

6.5.3.1 CENTRAL LIBRARY

The library is essential to the growth of any university and serves as the heart of the educational institution. The VKGM-Library recently installed 'KOHA: ILMS (Integrated Library Management System) OSS and it has been fully automated with RFID since 2015 (the Libsys program was previously utilized for automation). It is housed in double storied with a carpet area of 6329.18 Sq. ft.

Library Opening Hours: The VKGM Library is open from 9:00 a.m. to 11:00 p.m. on weekdays and 10:00 a.m. to 5:00 p.m. on weekends.

The University Library possesses a very rich collection of print books and e-resources and other reading material to cater for the informational requirements of its patrons. School of Agricultural Sciences possesses a collection of 540 books along with several e-resources as well.

6.5.3.2 LABORATORIES / INSTRUCTIONAL FARM/ VERMI-COMPOST UNIT

Laboratories/Workshop/ Instructional Farm/ Vermi-Compost Unit:

The School of Agricultural Sciences houses a total of 12 well-appointed laboratories, one workshop, instructional farm, compost unit, each equipped with the necessary infrastructure to effectively tackle unique practical, research, and advanced training requirements for students.

S. No.	Name of laboratories	Area (sq. ft.)	No.	Specialty to conduct practical/ hands on training
1	Animal Husbandry and dairy lab	3100	1	External body parts of cattle, buffalo, sheep, goat, swine and poultry. Handling and restraining of livestock. Identification methods of farm animals and poultry. Planning and layout of housing for different types of livestock. Computation of rations for livestock. Formulation of concentrate mixtures. Clean milk production, milking methods. Economics of cattle, buffalo, sheep, goat, swine and poultry production. Cattles are kept for practical and demonstration of milking etc.
2	Plant Biochemistry lab	1226.93	1	Preparation of solution, pH & buffers, Qualitative tests of carbohydrates and amino acids. Quantitative estimation of glucose/ proteins. Titration methods for estimation of amino acids/lipids, Effect of pH, temperature and substrate concentration on enzyme action, Paper chromatography Sterilization techniques. Composition of various tissue culture media and preparation of stock solutions for MS nutrient medium etc.
3	Pathology lab	1022.66	1	Acquaintance with various laboratory equipments and microscopy. Collection and preservation of disease specimen. Preparation of media. General study of different structures of fungi. Study of symptoms of various plant diseases. Study of representative fungal genera. Staining and identification of plant pathogenic bacteria. Transmission of plant viruses. Study of fungicides and their formulations. Calculation of fungicide sprays concentrations.
4	Horticulture lab	1010.37	1	Identification of garden tools. Identification of horticultural crops. Preparation of seed bed/ nursery bed.

				Layout and planting of orchard. Preparation of potting mixture. Seed propagation. Scarification and stratification of seeds. Propagation methods for fruit and plantation crops. Description and identification of fruit. Preparation of plant bio regulators and their uses, Important pests, diseases and physiological disorders of above fruit and plantation crops. Types of polyhouses and shade net houses, Intercultural operations, tools and equipments identification and application, Micro propagation, Nursery-protrays, micro-irrigation, EC, pH based fertilizer scheduling, etc
5	Soil science lab	822.87	1	Study of soil profile in field. Study of soil sampling tools, collection of representative soil sample, its processing and storage. Study of soil forming rocks and minerals. Determination of soil density, moisture content and porosity. Determination of soil texture by feel and Bouyoucos Methods. Studies of capillary rise phenomenon of water in soil column and water movement in soil. Determination of soil pH and electrical conductivity. Determination of cation exchange capacity of soil. Study of soil map. Determination of soil colour. Demonstration of heat transfer in soil. Estimation of organic matter content of soil.
6	Computer lab	1226.93	1	Study of Computer Components, accessories, practice of important DOS Commands. Introduction of different operating systems such as windows, Creating, Files & Folders, File Management. Use of MS-WORD and MS Power-point for creating, editing and presenting a scientific Document. MS-EXCEL - Creating a spreadsheet, use of statistical tools, writing expressions, creating graphs, analysis of scientific data. Introduction to World Wide Web (WWW) etc.
7	Entomology lab	1226.93	1	Practical study on insect anatomy, life cycle. display of damage caused by insects, demonstration of toxicology of chemicals etc. are conducted. Methods of

				collection and preservation of insects including immature stages. Types of insect antennae, mouth parts and legs; Wing venation, types of wings and wing coupling apparatus. Types of insect larvae and pupae; Dissection of digestive system in insects; Dissection of male and female reproductive systems in insects; Study of characters of orders Orthoptera, Dictyoptera, Odonata, Isoptera, Thysanoptera, Hemiptera, Lepidoptera, Neuroptera, Coleoptera, Hymenoptera, Diptera and their families of agricultural importance. Insecticides and their formulations. Pesticide appliances and their maintenance. Sampling techniques for estimation of insect population and damage. Chemical control methods which include manual operated and power operated. Knapsack sprayer, duster, foot sprayer etc. are taught to the students.
8	Agronomy lab	1226.93	1	Identification of crops, seeds, fertilizers, pesticides and tillage implements, study of agro- climatic zones of India, Identification of weeds in crops, Methods of herbicide and fertilizer application, Study of yield contributing characters and yield estimation, Seed germination and viability test, Numerical exercises on fertilizer requirement, plant population, herbicides and water requirement, Study of soil moisture measuring devices, Measurement of field capacity, bulk density and infiltration rate, Measurement of irrigation water etc.
9	GPB lab	822.87	1	Study of microscope. Study of cell structure. Mitosis and Meiosis cell division. Experiments on monohybrid, dihybrid, trihybrid, test cross and back cross, Practice on mitotic and meiotic cell division. Determination of linkage and cross-over analysis. Study of models on DNA and RNA structures. Study of germplasm of various crops. Study of floral structure of self-pollinated and cross-pollinated crops. Emasculation and hybridization techniques in self & cross-

				pollinated crops etc.
10	Biology lab	695.71	1	Morphology of flowering plants – root, stem and leaf and their modifications. Inflorescence, flower and fruits. Cell, tissues & cell division. Internal structure of root, stem and leaf. Study of specimens and slides. Description of plants - Brassicaceae, Fabaceae and Poaceae.
11	Agriculture Extension lab	661.61	1	Facilities such as LCD projector, Camera, Computer with editing facility, audio - recording mixing consoles and other ICT tools which are used in the field of agricultural extension. The lab is also equipped with various posters of extension education for easy understanding of concepts.
12	Agricultural Engineering lab	822.87	1	Agricultural Engineering laboratory and workshop is used for demonstration of different engines and their working principles, fuel supply system, working of different tillage and seed drill machines, sprayers etc. Familiarization with clutch, transmission, differential and final drive of a tractor, Learning of tractor driving, Familiarization with operation of power tiller, Familiarization with different types of primary and secondary tillage implements: mould plough, disc plough and disc harrow. Familiarization with seed- cum-fertilizer drills their seed metering mechanism and calibration, planters and transplanter Familiarization with different types of sprayers and dusters Familiarization with different inter- cultivation equipment, Familiarization with harvesting and threshing machinery.
13	Workshop	2438	1	
14	Farm (15 ha)	16,14,587.20	1	Practical training on farm provides students with the opportunity to learn by doing in crop production. This hands-on experience helps students develop practical skills that are crucial in the field of agriculture.

Pond

University is equipped with pond for practical purposes providing a unique and enriching environment for students. The pond serves as living laboratory where students can apply theoretical knowledge to real-world situations. These hands-on experiences not only enhance their understanding of the subject matter but also foster a sense of responsibility towards environmental conservation and sustainable food production. Moreover, pond often become serene spaces on campus, allowing students to connect with nature and find moments of tranquility amidst the rigors of their academic pursuits.

Dairy Unit/ Cattle-Shed

University has its own cattle shed which offer students a remarkable opportunity to engage in practical learning across various agricultural and animal husbandry practices. These facilities serve as living classrooms where students can gain hands-on practical in animal husbandry, nutrition, and health care. They learn how to manage and maintain dairy cattle, gaining insights into the entire milk production process, from animal health and nutrition to milking and processing. These real-world experiences are invaluable for students pursuing degrees in agriculture, as they get a firsthand look at the intricacies of livestock management and dairy production.

6.5.3.3. Student READY Program/In-Plant Training / Internship/Experiential Learning Program

To prepare agricultural graduates for secure employment and foster entrepreneurship in the evolving field of intensive agriculture, the plan involves implementing a program within the School of Agricultural Sciences. This program is deemed essential to qualify for a degree, ensuring practical training and hands-on experience. The School of Agricultural Sciences has fully embraced the Student READY Program components.

1. Rural Agricultural Work Experience (RAWE)

Rural Agricultural Work Experience (RAWE) serves as a valuable opportunity for students, primarily aimed at enhancing their comprehension of rural conditions, gaining insights into the agricultural technologies employed by farmers, addressing farmers' issues, and fostering the skills and mind-set required to collaborate with farming communities for holistic rural development.

2. Experiential Learning/Hands on Training

Experiential Learning refers to the process of acquiring knowledge and personal growth through actively engaging in experiences and participation, rather than solely relying on

formal instruction or training, often in a group setting. It involves activities like observation, studying theories or hypotheses, and implementing innovative ideas or transferring skills and knowledge. The School of Agricultural Sciences has incorporated two Experiential Learning Program (ELP) modules into the curriculum for B.Sc. (Hons.) Agriculture students, as outlined below:

1. Production Technology for Bioagents and Biofertilizer
2. Food Processing

The hands-on instruction will provide students with the essential skills and expertise needed for fieldwork in Agriculture, while the theoretical aspect will furnish them with the knowledge and information required to carry out practical tasks effectively. Consequently, the department offers practical classes both in outdoor fields and within laboratory settings.

Curricula Delivery through IT (smart class rooms/interactive board etc.):

The institution employs advanced technology like smart classrooms and interactive boards to facilitate curriculum delivery through information technology. It has an ample provision of four classrooms, one computer lab, all equipped with essential amenities, including LAN, projectors to cater to the educational needs of undergraduate students. Additionally, each classroom features a whiteboard. These classrooms serve a dual purpose, being utilized not only for regular teaching and learning activities but also for hosting seminars, webinars, and video conferences. To further enhance the learning environment, these physical spaces are extended with wireless connectivity for online resource access.

6.5.4 STUDENT DEVELOPMENT

Students at the university enjoy a rich array of educational opportunities encompassing academic and personal growth, both at the university level and within their respective faculties and colleges.

A. Students Activities:

- At the university level, students have access to a comprehensive support system, including the Career Resource Centre and the Centre for Language and Communication. These resources aid students in developing essential skills such as communication, personality development, soft skills, public speaking, and technical writing. Moreover, they facilitate internships and job placements.

Field work experiment

- Within the academic institution, the NSS Co-coordinator plays a pivotal role in fostering a well-rounded educational experience. The NSS Co-coordinator diligently orchestrates a wide array of co-curricular activities and cultural events that serve as vibrant tapestries of engagement for the student body. These endeavors are designed not only to complement the academic journey but also to cultivate a vibrant campus community where students can flourish personally and professionally. In addition to the diverse activities orchestrated by the NSS Co-coordinator, students hailing from the esteemed Faculty actively participate in various organizations, further enriching their collegiate experience. One standout example is the National Service Scheme (NSS), a beacon of civic engagement and community service. Remarkably, the NSS program has woven itself seamlessly into the fabric of the B.Sc. (Hons.) Agriculture curriculum highlighting the institution's commitment to holistic education. This integration of NSS into the academic curriculum underscores the emphasis on producing graduates who are

not only well-versed in their respective fields but are also socially conscious and committed to society.

- Blood Donation Camp Raffles University, Neemrana and Lions Club Behror, jointly organized a Blood Donation Camp at the University's Campus on 14th September 2017. This was activity supported by the SMS Hospital, Jaipur and Kailash Hospital, Behror. The students, members of family, and the non teaching staff come forward voluntarily in large numbers to donate blood. The organizers and the hospital staff were overwhelmed by the response of the blood donors.

- On the 26th of November 2022, we joyfully commemorated Milk Day, a momentous occasion in our calendar. This extraordinary day was graced with the presence of the esteemed Honorable Vice Chancellor, Maa'm, whose insightful lecture left an indelible mark on all who attended. The lecture, delivered by Madam Vice Chancellor, was a source of inspiration, wisdom, and a profound perspective on the importance of milk in our lives and the boundless opportunities it presents. The audience, comprised of the dedicated faculty members of the School of Agricultural Sciences, absorbed her words with great enthusiasm and appreciation, further fueling their commitment to the pursuit of excellence in agricultural education and research. This event not only celebrated the significance of milk but also served as a testament to the collective dedication and passion of our academic community in the School of Agricultural Sciences.

National Milk Day

- In the early days of March 2022, our eager students embarked on a captivating educational journey as they ventured to the Pusa Farmers Fair, held at the illustrious IARI grounds in Pusa, New Delhi, from the 3rd to 11th of the month. This exciting excursion was an opportunity for our students to delve into the world of agricultural innovation and advancement. At the Pusa Farmers Fair, our students had the privilege of interacting with experts and innovators in the field of agriculture. They explored a multitude of stalls that showcased cutting-edge technologies and pioneering techniques. These encounters provided them with valuable insights into the latest developments in farming practices, offering a glimpse into the future of agriculture. The knowledge they gained at the fair is sure to leave a lasting impact on their understanding of the agricultural landscape. Additionally, during this enriching experience, our students also had the privilege of visiting the prestigious Indian Agricultural Research Institute (IARI) campus in New Delhi. This venerable institution is renowned for its contributions to the field of agriculture, and our students had the chance to explore its vast and well-appointed facilities.

Krishi Samvad and Kishan Goshti

Krishi Samwad:

Raffles University organized “Krishi Samwad” on the occasion of World Meteorological Day on 23.03.2023 at the School of Agricultural Sciences. The event started with an inaugural ceremony and the chief guest was the Honorable President of Raffles University and the guest of Honor Mr. Anil Sardana Registrar of the University. On this day School conducted various events in which several students participated like poster presentations, essay writing, debates etc. The faculty members of the school interacted with farmers for the use of organic fertilizers, soil amendments, biopesticides for sustainable agriculture and human welfare.

KRISHI SAMWAD

Kisaan Goshti:

Raffles University celebrated 'World Environment Day' on 5th June 2023 with the real pioneers of our society, our farmers. On this occasion, a team of SOAS conducted a 'Kisan Goshti' in the village Dhundhariya with the aim of creating awareness towards the conservation of the environment and nature by bringing several small but impactful changes in our daily routine. Farmers are closest to the environment, and they can play a vital role in either the conservation or destruction of Mother Nature. Thus, farmers were encouraged to sustainable agriculture and highlighted chemical-free farming as a crucial alternative for preserving resources for subsequent generations.

- National sports day was celebrated in Raffles university, Neemrana Rajasthan to commemorate the 117th birth anniversary on 29th august, 2022 of legendary hockey player major Dhyani Chand. In this occasion, all the students and faculty members actively participated in different sports activities. Appreciation certificates were distributed after the event.
- Azadi Ka Amrit Mahotsav celebrating 75 years of India's Independence is a commendable initiative to reiterate our gratitude to our nation builders. As a part of this esteem event, Raffles University organized a two Days (23rd & 24th April, 2022) National Conference on INDIA 2.0: VISION FOR INDIA 2047. The inaugural function was scheduled on 23 April 2022 (Saturday) from 09:00 AM to 11:30 AM
- A seminar was organized by IIPC on Employability Skills Seminar on 26th of September, 2022 from 10.30 AM to 1.30 PM in Raffles University Auditorium. The resource person for the workshop was Mr. Sahil Sharma of Lots of Learning Solution, a private organization dedicated for enhancing soft skills among youth

for better career prospects. The event was a huge success as it saw enthusiastic participation from students of various schools of Raffles University. All the participants in the programme found it highly informative, knowledge enriching and useful.

6.5.4.1 STUDENT INTAKE AND ATTRITION

A candidate must have secured at least 50% marks in the aforesaid examination (10+2). A relaxation of 5% will be allowed to candidates belonging to SC/ST/OBC (Non-creamy layer)/MBC/SAP/EWS category. The candidates taking the advantage of 5% relaxation will not be considered in UR category.

Age Limit:

The maximum age limit is 25 years as on mentioned in the Secondary Examination Marks Sheet/ Certificate will be considered as authentic.

6.5.4.3 CONDUCT OF PRACTICAL AND HANDS ON TRAINING

Curriculum included practical training for experiential learning as the local need the credit-based modules added in the practicals. There are two hours in each practical class. Each class is divided into two batch to avoid congestion and practicals are performed both in laboratory and field work. To the delight of the students, the School provides well-equipped laboratories for each topic to undertake practical and hands-on Training.

Agronomy and Agro-meteorology

The school has well equipped labs, a farm and crop cafeteria with a variety of crops and varieties, and a demonstration area for better understanding of agricultural modern techniques. In the designated research area, graduate students' purpose and carry out their practical work. The herbarium of weeds, fertilizers, insecticides, and crop seeds are on display in the museum. There are significant meteorological tools in the lab.

Horticulture

For practical course of horticulture, the school has post-harvest lab, food science lab, crop cafeteria, and commercial horticulture labs. Fruit crops are subjected to a variety of propagation, training, and pruning techniques. The pupils are taught various irrigation techniques, how to plan and establish an orchard, and other horticultural techniques. The students study and practice various methods for processing fruits and vegetables and value addition.

Entomology

The school has a well equipped entomology lab and well established field for insect identification and their management, with all required tools and equipments for all the practical courses of UG students.

Plant Pathology

For the practical courses of plant pathology the school has well equipped lab and field for detection and diagnosis of disease symptoms and sign including isolation and identification of plant pathogen of field and horticultural crops.

Soil Science and Agricultural Chemistry

The school has fully equipped labs, where students receive hands-on instruction in the physical, chemical, and biological aspects of soils. Students do macro and micronutrient analysis in these labs. Students learn how to collect soil and water samples at farms and farmer's fields. Schools also provide soil and water testing faculties to the farmers from nearby villages' nominal fees.

Genetics and Plant Breeding

The school has well established field and lab for conducting practical classes in Genetics and Plant Breeding, seed science and technology for demonstrating hybridization techniques in different field crops and horticultural crops including study of floral biology of the several important crops. Practicals on seed sampling, sample preparation, cleaning and grading of seed lots, examination of physical purity, moisture, germination, seed vigor, viability, and health tests are all covered in the seed technology course. The lab is provided with required equipment for conducting practical classes of biotechnology for UG students.

Livestock Management

The school has specially constructed animal farm having animals and poultry unit that provides an area for the students to learn practical lessons about managing animals and poultry in terms of breeding, health, and feeding. Practices for forage management and cultivation are used. Calculations of the nutritional needs of various animal species are made, and classes are divided for preparation of milk products as well as dairy product.

Agriculture Extension and Communication

The practical of agriculture extension concentrate and give priority on communication techniques, skill building technique, designing, news writing, leadership qualities, presentation skills entrepreneurial development etc, as well as approaches for effectively disseminating agricultural information. The lab's audio-visual technology is used to assist in teaching.

Agricultural Economics

The practical classes are conducted in well-equipped lab with computers and internet access available that is sufficient for agricultural economics and statistical work that students must do.

Hands-on Training

The school has put in place and is using modules, mushroom cultivation, production technology of Bioagents and biofertilizer, Vermicomposting, Natural/Organic farming, Soil and Water Testing and Food processing.

To place a greater emphasis on hands-on training, value-added courses with 20 credits were given. The courses included are as follow

- Mushroom cultivation
- Production technology of Bioagents and biofertilizer,
- Vermicomposting
- Natural /Organic farming
- Soil and Water Testing
- Food Processing

Agro-industries, research facilities, and KVKs/ARS are the sites of organized educational tours and student visits. Students also undergo hand on training in different KVKs and Agro based industries as per curriculum.

6.5.4.4 EXAMINATION AND EVALUATION PROCESS

UG Program

Examination process

The school of agricultural sciences follows all rule and regulations recommended by ICAR-V Deans' Committee for examination and evaluation process.

Submission of Examination Forms

The controller of examination circulated the notice and inform to all schools Dean/Principal/HOD to submit the time table of end term examination form date sheet and communicated to the students through the website and notice board for submission exam forms.

External/Internal Components:

The papers are taken as External theory (50%) and Internal Theory (Assignment + Mid Term) + Practical (50%).

Courses with Theory and Practical:

- Mid-term Exam (30%) + End Term (50%)
- Assignment (5%) + Practical (15%).

Courses with only Theory

- Mid-term Exam (40%) + End Term (50%)
- Assignment (10%)

Courses with only Practical

- (100%) Internal.

Non – Gradual Practical Courses (100%) internal

Internal Setting of Question Papers and Examination:

- The Exam coordinator shall supply the panel of internal examiners well in time duly approved by the Head of the Department/Dean of the Faculty/. The paper(s) will be set by the examiner(s) nominated by the HOD/Dean from the panel of examiners.

External Setting of Question Papers and Examination:

- **Paper to be set by external:** The School of Agricultural Sciences (SOAS) strictly follow the examination and evaluation as per ICAR Fifth Dean Committee with some modification as follow which shall be implemented from the academic session 2023-24.
- The end term question is set by external and Controller of Examinations shall ensure the coverage of syllabus.
- Syllabus of the concerned paper shall be sent to the examiner, who shall prepare the question papers.
- Evaluation to be done internally by the faculty other than the Course Instructor. For practical, it is recommended that examination shall be conducted by course instructor(s) and one teacher nominated by Dean/HOD.
- The duration of final external theory examination will be 03 hours and practical 02 hours

Distribution of Marks

Internal 50 %						External 50 %	Total Max. Marks
Theory (Internal)	Max. Marks	Practical (Internal)				Max. Marks	
Mid term		Spotting/ Written	Practical record	Assignm ent	Viva- Voce		
30	30	10	3	5	2	20	50
							100

Evaluation Process:

The paper setter or another internal examiner appointed by Controller of Examinations for evaluation of answer sheets. In case the examiner in question fails to examine the answer sheets according to the schedule provided, the Controller of Examinations may, with the Vice-Chancellor's consent, have the answer sheets evaluated by any other examiner as deemed fit in this regard.

Evaluation of the READY/RAWE Program:

A committee constituted by the Dean evaluates the manner in which the students performed across all RAWE Program components. The committee also examines each component individually and inspects the performance of student by keeping in touch with the concerned KVKs and ARS where students are placed for the said programme.

Re-evaluation of Answer Books:

- Re-evaluation is allowed in theory Papers only.
- Re-evaluation is permissible in 50% of the Theory Papers and will not be allowed in Practical's/ Lab courses/worksheets / Assignments etc. Students should select the papers carefully in which you wish to seek the Re-evaluation. No second application for additional papers would be accepted.
- Re-evaluation is to be applied for within: Two weeks from the date of the declaration of result.
- The candidate is required to produce a photocopy of his /her Grade Card for verification of Roll No. at the time of submission of application Form for Re-evaluation.
- Entries made by the candidate be got verified from the Dean / Principal / HOD of the School concerned.

Practical Examination:

For Practical examination the Dean/HOD shall appoint course instructor and one teacher for conducting practical exams.

Pass Percentage:

The passing percentage for Internal (Theory and Practical) will be 40% to be eligible to appear in End Term Examination (External Theory), whereas overall pass percentage will be 40% including external theory and internal (theory and practical) for each course. However for award of degree for the program minimum CGPA shall be 5.0.

Grading Table:

The method of grading used to assess the performance of students entails assigning grades based on the range of total marks received in a particular course. The range of marks between any two grades is constructed in such a way that it has little bearing on the final grading of the student. The following are the marks out of 100 that will be used to determine grades:

Marks Obtained	Grade	Grade Points	Description of Performance
100	O	10	Outstanding
90-99	A+	9	Excellent
80-89	A	8	Very Good
70-79	B+	7	Good
60-69	B	6	Above Average
50-59	C+	5	Average
40-49	P	4	Pass
Below 40	F	0	Fail

6.5.4.5 NSS UNITS

The university has been sanctioned with an NSS unit with in 2021 by state government. NSS is a non-gradual, 2-credit course is provided during the first semester of the first year of a B.Sc. (Hons.) in Agriculture degree program students are enrolled in NSS as Volunteer. Activities under NSS are being organized by the agriculture extension and communication department. NSS Program officer coordinate events like tree planting, blood donation drives, and motivational lectures, community development program, adaptation of villages other activities include the "Swatch Bharat Mission" cleanliness campaign in the School and university campus, regular glass and plastic collection, parthenium eradication and celebrations of NSS Day and Yoga Day.

Benefits:

Different activities have a significant positive impact on the NSS volunteers. Students' attitudes and personality development as a result of their involvement in the community, inspirational lectures, and plantation drives that increase their feeling of environmental responsibility. Volunteers learn self-control and social awareness.

6.5.4.6 LANGUAGE LABORATORY

The university has well established communication language laboratory equipment. The faculty has been hired as full-time Assistant Professor (English) to teach and oversee the language needs of students using Spears Language software for training in communication in the language lab are running the Words Worth language program. Students are exposed to various modules with a variety of exercises designed to help them develop their language abilities (listening, speaking, reading, and writing).

Some of the advantage of spears software includes

1. It provides privacy and effective learning and develops confidence in speaking English
2. It help to develop the communication skill of the learner
3. It facilitate teacher with real-time monitoring of the learner
4. It helps in grooming overall personality of learner of any age group
5. It helps in teaching English as language and not merely as a subject

6.5.4.7 CULTURAL CENTER

The school has cultural center for faculty, students that reports to the Registrar office. The has club and committees for co- extracurricular activities such as sports, literal activities and environmental awareness. Each club has a mentor in charge, and it has a place of its own to organize, plan, and involves students in its activities. The club frequently arrange significant national events/days, yearly competitions, and tournaments. Inter university and interfaculty games and competitions are attended by students. Students also participate in different event organize by different club. This gives pupils the chance to engage positively, advance intellectually and generally become decent citizens of our nation.

The following faculty has been assigned responsibilities to spear head various activities

- | | |
|-----------------------|------------------------|
| 1. Dr. J.S. Yadav | Convener (Soft skills) |
| 2. Dr. Awaneesh Kumar | Convener (Sports Club) |
| 3. Dr. N. Moses | Convener (Theater) |
| 4. Dr. Awaneesh Kumar | Convener (Singing) |
| 5. Dr. Amit Yadav | Convener (Dancing) |

6.5.4.8 PERSONALITY DEVELOPMENT

Personality development is always be a priority for educational institutions in order to promote the holistic development by acquiring the skills pertaining Co-extracurriculars activities besides curricular activities for success in demanding environments and foster independence. Programs that focus on personality development are the biggest impact on students' employability. In order to develop their entire personalities, students are encouraged to take part in a variety of competitions at the college, university, state, and national levels.

- For Personality development conducted various training programs for communication skills, reasoning ability, group discussions, presenting skills, interviewing, and motivational presentations.

6.5.5 PHYSICAL FACILITIES

The university campus is dedicated in providing comprehensive support to our students to ensure a conducive and safe learning environment. The institution is equipped with ICT facilities, including smart classrooms with a robust ERP. Smart classrooms have interactive whiteboards, projectors, and high-speed internet connectivity. Conference halls equipped with LCD projectors. The university offers a range of essential physical facilities that cater to various aspects of students life. The university has world class physical facilities and learning process the spacious classroom, seminar hall, auditorium and practical field with 15 hac. land. Most of the student belong to locality that is why university provide transport facilities. To ensure convenient commuting for students, making it easy for them to access campus and attend classes. For students with special needs, we have a team of dedicated scribe available to assist during examinations, the university has wheel chair and ramps facilities to ensure a fair and equal opportunity for all. Additionally, our well-equipped one health centre staffed by qualified professional to provide medical assistance when needed, and we have an on-campus ambulance service ready to respond swiftly to any emergency situations. These facilities reflect our commitment to the well-being and success of our student community.

6.5.5.5 MUSEUM

The Agriculture Museum at our university stands as an emerging and remarkable testament to the rich history and innovative future of agriculture. This unique institution serves as a hub for students, faculty, and visitors to explore the evolution of farming practices, from ancient agricultural techniques to cutting-edge modern methods. Within its walls, one can witness a fascinating array of exhibits, showcasing antique farming equipment, interactive displays on sustainable farming practices, and a diverse collection of crops and plants from various regions. The museum not only educates on the past but also highlights the critical role of agriculture in addressing contemporary global challenges, from food security to environmental sustainability. It's a place where knowledge and tradition intersect, fostering a deeper understanding of the vital field of agriculture.

6.5.6 RESEARCH FACILITIES

Laboratories and Equipment's:

The School is running UG program in Agriculture only i.e. B.Sc. (Hons) Agriculture. The department have UG laboratory and students instructional farm/unit attached for UG teaching and Faculty research.

List of undergraduate laboratories and equipment's housed in individual laboratory.

S. No.	Name of department	Area/space	Equipments

6.5.7.4 EMPLOYABILITY

India requires globally competitive and better trained agricultural human resource capital in agriculture to feed 18 percent of world's population with only 2.3 percent of the world's land and less than 4 percent of the global fresh water. To fulfill the aspirations, the implementation of ICAR V Deans' Committee recommendations of course curricula assured quality in agricultural education to meet the present and future challenges in agriculture and allied fields. As a result, the human resource is developed with improved skill and enhanced entrepreneurship by the introduction of Student READY program. The School of Agricultural Sciences (SOAS) follows the course curricula recommended by ICAR Fifth Deans Committee, and it is equipped with skill development and hands-on training modules, experiential learning, communication and soft skills necessary for the job market and entrepreneurship. The students undergo Rural Agriculture Work Experience (RAWE) program which exposes them to rural/village life, field diagnosis of agriculture enterprises related problems such as soil health, pest infestation, nutrient deficiency symptoms, animal health and feeding, farm management, input procurement etc.

The IIP Cell imparts training from 3rd year onwards on soft skills, resume building, mock interviews and communication skills to enhance confidence building among the students. After the completion of the undergraduate degree programme, the students of this school are quite competent in plant disease diagnosis, farm advisory, farm production practices, dairy farming, and advanced irrigation systems for water management, organic farming, and agro-entrepreneurial skills. The one batch of graduates passed out in 2022 was absorbed equally in government and private sectors and in higher studies.

Several of the ICAR initiatives, taken up in agriculture education will go a long way to enhance the suitability of employment, entrepreneurship and to reshape India is the fast-changing demographics, socio-economic, ecological and environmental regimes of the world.

6.5.8 SSR of the School must have the SSR of its UG Degree Programme (following section 6.4) that the report of the School shall be considered.

SSR of the Degree programme B.Sc. (Hons.) Agriculture is added in the document.

6.5.9 Certificate

I, the Dean Prof. (Dr.) J. S. Yadav hereby certified that the information contained in section 6.4 and 6.5.1 to 6.5.7.4 are furnished as per the records available in the School and Degree awarding Raffles University, Neemrana.

10.	Dr. Amit Yadav, Asst. Prof., Entomology	Member-Secretary

The Chairman welcomed all the members and the invitees to the BOS meeting held on at PM. The agenda items were discussed in length and the following decisions/actions were taken:

1. Confirmation of proceedings of BOS meeting held on 04.02.2020:

The proceedings of the BOS meeting held on 04.02.2020 were confirmed (Annexure-1).

2. To consider and recommend syllabus of B.Sc. Agriculture (Honours):

It was decided to follow the syllabus for B.Sc. Agriculture (Honours) as per ICAR Vth Dean's Committee Report, and the same may be displayed on university website. In future, no agenda or discussion should be entertained on the subject unless and until directed by State Government and or ICAR. (Action: Mr. Ratna Ram)

3. To consider and recommend eligibility criteria for admission in B.Sc. Agriculture (Honours):

It was decided that the students in B.Sc. Agriculture (Honours) will be admitted on the basis of merit obtained in Joint Entrance Test (JET) Examination conducted and or approved by Government of Rajasthan. All government instructions from time to time and procedures regarding admissions in the degree course will be followed. (Action: Registrar)

4. To consider and recommend minimum CGPA for award of B.Sc. Agriculture (Honours) and promotion of students from first year to second year:

- A student will be required to maintain CGPA 4.00 out of 10.00 for promotion from first year to second year. If he fails to achieve CGPA 4.00 out of 10.00, his promotion to second year will not be allowed.
- The minimum CGPA for award degree of B.Sc. Agriculture (Honours) will be 5.00 out of 10.00. Degree will not be awarded to a student if he fails to obtain CGPA 5.00. However, on request, these students may be considered for improvement/ back examinations in CGPA to 5.00 by the university.
- Students will be given grade not the marks in final mark sheet which is as being practiced in the university

(Action: COE and Registrar)

5. To consider and recommend faculty requirement for School of agricultural sciences:

The teaching and non-teaching faculty for the following disciplines/ departments are required for smooth conduct of teaching, research and farm management activities:

S. No.	Discipline/ department	Teaching		Non-teaching	
		Post/ position	No.	Post/ position	No.
1.	Soil Science	Asstt. Professor	1	Laboratory Attendant	1

	Total		9		10

(Action: Registrar)

6. To consider and recommend establishment of laboratories of different disciplines/ departments for teaching:

It was decided that the laboratories one each of disciplines of Agronomy & Soil science, Agro-meteorology, Plant breeding & Genetics, Horticulture & Vegetable Science, Plant protection, Biotechnology and Extension education & Social sciences be established at the earliest. Dr. Deepak Kumar, Asst. Professor (Agronomy) was assigned the task to prepare the list of equipments and materials required for each laboratory and their source of supply in consultation with faculty members of above-mentioned disciplines, and submit it at the earliest to Dean. (Action: Dr. Deepak Kumar)

7. To consider and recommend requirement of new books of agriculture and allied disciplines:

Since the strength of students is increasing with the new admissions every year as well as with the adoption of syllabus as per ICAR Vth Dean's Committee Report; a number of new books and their multiple copies will be required. Dr. Amit Yadav, Asst. Prof. (Entomology) will collect the requirement from all faculty members, and submit it to the Dean at the earliest. (Action: Dr. Amit Yadav).

8. To consider and recommend introduction of new degrees and diploma/ certificate courses in School of Agricultural Sciences:

With the changing agricultural scenario in the country and globally, introduction of new degrees and diploma/ certificate courses was under consideration of University Management. Therefore, it was realized that SOAS may initiate the proposal to introduce degree courses of B.Sc. Horticulture and integrated MBA (Agri-Business). However, it requires State Government permission. Similarly two certificate/diploma courses, i.e. Organic farming, mushroom farming, fruits and vegetables preservation and agrochemicals and fertilizers and vermin-composting may be started. The necessary approvals may be obtained from concerned agencies (Action: Registrar).

9. To consider and recommend medium of instruction for B.Sc. Agriculture (Honours) students:

Among any other items, the issue of medium of instructions to the students was raised. It was discussed in length, and it was unanimously resolved that medium of instruction will be both in Hindi and English. A communication in this regard may be sent to the State Government so that in JET examination announcement it can be mentioned that medium of instruction in SOAS, Raffles University for B.Sc. Agriculture (Honours) is both Hindi and English. (Action: Registrar).

10. To consider and recommend educational tour of students:

After adoption of syllabus as per ICAR Vth Dean's Committee Recommendations Report, educational tour is made mandatory for completing the degree; therefore, it is proposed that there will be educational tour/ visits for second and third year students. (Action: Dean)

11. Academic activity during COVID-19:

All academic activities in SOAS are carried out during COVID-19 as per instructions and SOPs issued by Govt. of India and the State Govt. Online teaching activity through Google Meet and other online tools/methods is being carried out following SOPs. All precautions and SOPs are followed to control the spread of corona virus in the campus. (Action: Faculty SOAS)

12. Any other item with the permission of chair:

Nil

Meeting ended with vote of thanks to the chair.
